Dear Mr. Miller:

Enclosed for interagency clearance is draft legislation which would amend section 116(e) of the Foreign Assistance Act to permit participation of foreign law enforcement and prison personnel in human rights programs encouraging increased adherence to internationally-recognized civil and political rights.

Upon receipt of this clearance, we plan to seek an appropriate vehicle for the amendment during the final session of Congress beginning September 8. We therefore would appreciate OMB efforts to circulate this draft among other agencies at the earliest possible time.

Thank you very much for your assistance.

Sincerely,

*Louise R. Hoppe*

Louise R. Hoppe  
Acting Assistant Secretary  
Legislative and Intergovernmental Affairs

Enclosure:  
As Stated

Mr. James C. Miller, III  
Director,  
Office of Management and Budget,  
Executive Office Building,  
Washington, D.C. 20503.

**Proposed Amendment to Section 116(e)**

**Add new final sentence to subsection (e)(1):**

**Nothing in Section 660 of this Act shall preclude the participation in programs or activities authorized under this subsection of individuals who are members of the police or other law enforcement forces of a foreign government or who are engaged in the administration of foreign penal institutions.**

**Proposed Report Language**

**The purpose of the amendment to Section 116(e) is to enable participation by members of foreign police or other law enforcement forces, or foreign prison administrators, in appropriate programs or activities designed to encourage increased adherence to internationally-recognized civil and political rights. The amendment is not intended to change the general content of programs carried out pursuant to Section 116(e) but merely to make it possible to fund individuals presently excluded by virtue of Section 660. For example, a foreign police official may be invited to attend a course treating civil rights at one of the numerous police training facilities in the United States or a course organized by an international human rights institute, such as the Henri Dunant Institute in Geneva, Switzerland, or the Inter-American Institute of Human Rights in San Jose, Costa Rica. With respect to countries in which the United States is engaged in training of any law enforcement personnel as part of narcotics control, anti-terrorism assistance, the administration of justice or other future programs, the authority now granted in Section 116(e) will be implemented in close coordination with such other programs.**
